

# PROJECT COMP-U-GIVE

**CONNECTING FAMILIES WITH TECHNOLOGY**

**Project Comp-U-Give wants to make sure every household in our community has a computer available to them.**

**What you should know to get connected:**

- 1. Participation is absolutely free and is open to anyone in need of a computer.**
- 2. To be eligible you must not have a computer in your home or have the financial resources to purchase one. (If you have an out-dated computer that cannot be upgraded you are still eligible!)**
- 3. Anyone participating will need to commit to an hour long computer introductory session before taking their computer home.**
- 4. All computers are newly loaded with a Genuine Windows Operating System along with office software and antivirus/malware protection.**
- 5. If you meet the eligibility criteria contact the Salvation Army London Village at 519-455-4810 x300 and tell us you're interested in Project Comp-U-Give.**

*Sponsored by The Salvation Army London Village and Western University*

*in partnership with founder Colin Toth and family.*
